Need to raise funds for your club? Do it all simply, securely and efficiently with Clubforce

Sell Tickets

Sell Lotto Tickets

Host Events

Run Camps

With Clubforce any fundraising effort is possible – sell event tickets, lottery tickets, host kid's camps during the school holidays – while maintaining all fundraising efforts securely in one place.

Club members and non-members can purchase tickets via the Clubforce app or on mobile / desktop browser with access to a complete payment history for all clubs in their member account.

Club volunteers can save huge amounts of time chasing payments, compiling paperwork, data entry tasks and making trips to the bank – it's all done online with Clubforce.

Manage your club's membership online with Clubforce

Secure Payments

Reminder Notifications

Increased Membership & Retention

Sync NGB System Data

With Clubforce, registering and retaining members is simplified – reducing the workload for club administrators and keeping all data and funds secure in the process.

Members register online via the Clubforce app or web browser at their own convenience and pay securely by credit card (with the option to pay in instalments if required).

The club can issue reminders via app notification and email, report on payment status, compare year-on-year performance, sync data to NGB systems, transfer funds to bank or NGB and more.

Sell Tickets

Scan barcodes

Create reports

With Clubforce, you can easily create and sell tickets for any event or fundraiser. Members and non-members can purchase tickets through the app or mobile browser and have their tickets scanned to enter the event. Members can also receive all event notifications via app, SMS and / or email.

The club keeps all member data securely in one place; can easily share new events with members, report on events and compare to other fundraising activities and do it all without handling paper or cash.

Training cancelled? Let players know using the Clubforce mobile app

App Notifications

Send SMS

Email Reminders

Notify club members and volunteers easily using the Clubforce mobile app. Any club announcement can be shared via app, SMS or email – so no more missed messages!

Groups can be created for different teams, coaching groups, volunteer groups etc. and no contact numbers are visible, ensuring the club's communications are GDPR compliant.

The club coach can see who has responded and can also check in real-time who has paid their membership fees – no more chasing payment or worrying if a player is insured.

The club maintains complete control over who runs and participates in groups.
